

Ahwatukee Board of Management

That Grows Here? Artichokes to Zinnias

Presented by the Ahwatukee Community Garden Project

WEDNESDAY, OCTOBER 10 AT 6 PM

Ahwatukee Event Center | 4700 E. Warner Road, Phoenix, AZ 85044

Fall is the perfect time to start a desert garden!
Please join us at the upcoming **ABM informational meeting** as master gardeners present all you need to know about gardening in Arizona.

Did you know that the Ahwatukee Community Garden Project donates food grown in their garden to local food banks?

Whether you've gardened for years or just starting out, come learn about what grows in the Arizona climate, composting, watering and maintaining native plants. Learn which wild trees and cactus fruits are edible in your own neighborhood.

Desert Point Garden Club will be taking orders for memorial pavers.

Please **RSVP** as space is limited to:
annemariehancock@ahwatukeehoa.com or call 480-893-3502 ext. 4
